SCHEDULING YOUR EXAMINATION APPOINTMENT

Scheduling Authorizations will be emailed to Candidates approximately 10 days after the application has been received, reviewed, and processed. The Scheduling Authorization will indicate how to schedule your examination appointment, as well as the dates during which testing is available. Appointment times are first-come, first-served, so schedule your appointment as soon as you receive your Scheduling Authorization in order to maximize your chance of testing at your preferred location and on your preferred date.

If you do not receive a Scheduling Authorization from notices@ptcny.com within four weeks after submitting your application, contact the Professional Testing Corporation at (212) 356-0660.

Your current driver's license, passport, or U.S. Military ID must be presented in order to gain admission to the testing center. Temporary, paper licenses will not be accepted at the testing center. PTC also recommends you bring a paper copy of your Scheduling Authorization and your PSI appointment confirmation with you to the testing center.

After you make your test appointment, PSI will send you a confirmation email with the date, time, and location of your exam. Please check this confirmation carefully for the correct date, time, and location. Contact PSI at (800) 733-9267 if you do not receive this email confirmation or if there is a mistake with your appointment.

Candidates have three (3) months from the date their application is processed to sit for the examination. After the three-month period, Candidates will need to reapply for the examination and pay a rescheduling fee to be moved to a new three-month window.

- It is the Candidate's responsibility to ensure receipt of the Scheduling Authorization email. Candidates should contact PTC at (212) 356-0660 if a Scheduling Authorization has not been received within two weeks of submitting the application.
- It is the Candidate's responsibility to contact PSI to schedule the examination appointment, either online or by calling PSI at (800) 733-9267
- It is highly recommended that the Candidate become familiar with the testing site prior to the scheduled appointment
- Arrival at the testing site at the appointed time is the responsibility of the Candidate. Please plan for weather, traffic, parking, and any security requirements that are specific to the testing location. Late arrival may prevent testing
- Candidates should schedule their testing appointment early during their three-month testing window. If a Candidate needs to reschedule, there will be time during their testing period to move the appointment and avoid transfer fees

CHANGING YOUR EXAMINATION APPOINTMENT

Candidates have a three-month window to take their examination. If a candidate makes an appointment during that window and cannot keep that appointment, the Candidate may call PSI (1-800-733-9267) to reschedule to a different date within the three-month window. There is no fee for rescheduling within the testing window.

- Candidates must contact PSI to change their testing date no later than two business days before their originally scheduled appointment.
- Candidates who fail to arrive for their appointment or do not cancel/reschedule their appointment two business days prior to their originally scheduled appointment will forfeit their examination fees.
- Candidates who do not schedule an appointment during the three-month testing window will forfeit their examination fees.

A Candidate who does not take the examination within their three-month testing window may request to be transferred to a new window for an additional fee of \$200.00. A written request must be received within four weeks of the original testing date and should be faxed to (212) 356-0678 or mailed to:

The CNLCP® Certification Board will take steps reasonably necessary to make certification accessible to persons with disabilities covered by the ADA.
