WHAT IS THE AMERICAN BOARD OF SPINE SURGERY?

The American Board of Spine Surgery is an independent organization incorporated in 1997 to address the special needs of the unique surgical specialty that has emerged from neurosurgery and Orthopaedics.

A primary goal of the American Board of Spine Surgery is to assist the public and the medical profession by setting educational and post-graduate training requirements for spine surgeons and by the promotion of continuing quality assurance programs.

The creation of the ABSS is an important step forward in helping to reinforce public trust in the medical profession at a time when such trust is in need of reinforcement.

Reasonable standards of expertise and quality for Spine Surgeons can be developed and promulgated. These will clearly be much more meaningful with the advice and support of organized Orthopaedics, neurosurgery, and the other surgical specialties.

ELIGIBILITY REQUIREMENTS

PART I: WRITTEN EXAMINATION

To qualify for Part 1 of the certifying examination of the American Board of Spine Surgery, applicants must first have passed at least the Part 1 written examination of, or be certified by the American Board of Neurological Surgery, the American Board of Orthopaedic Surgery, or equivalent and must further qualify as follows:

- 1) Successful completion of a twelve-month approved spine fellowship program or have resident training and experience deemed by the American Board of Spine Surgery to be equivalent to a twelve-month approved spine fellowship program.
- 2) Must possess a full and unrestricted license to practice medicine or be engaged in full-time practice in the United States federal government for which licensure is not required.
- 3) Must cause to be provided to the Board two letters of recommendation evaluating the character, ethical and professional standards, and the demonstrated clinical and surgical skills of the applicant. Such letters must be written by the director of the residency program, the director of the spine fellowship program, the Chief of Surgery or equivalent at a hospital where the applicant holds staff privileges, or other person in a position of authority who is familiar with the applicant's work and is knowledgeable and qualified to evaluate and comment on the applicant's performance.

PART II: ORAL EXAMINATION

To be eligible to take Part 2 of the certifying examination, candidates must first be approved to take, and be scheduled for, Part 1.

After qualifying, candidates must demonstrate that they meet the following requirements, as well as comply with the procedures established by the Board of Directors in the Rules and Procedures published in the Booklet of Information for applicants:

- 1) The candidate must hold full and unrestricted license to practice medicine;
- 2) The candidate must demonstrate that his/her certification by the American Board of Neurosurgery, the American Board of Orthopaedic Surgery, or equivalent is still current;
- 3) Must provide 2 letters of recommendation fitting the criteria outlined in Section 3 above if taking PART II more than 1 year following completion of PART I;
- 4) Must be able to demonstrate 2 years of having been actively engaged in the practice of spine surgery.

It shall be the responsibility of the applying candidate to obtain from the ABSS Board office the necessary application forms and examination schedules for Part 2 of the examination.

ELIGIBILITY DETERMINATION

The Credentials Committee shall review applications and make the determination as to eligibility. In the event that a candidate is not approved or does not meet all of the eligibility requirements, he or she may appeal to the full Board of Directors for determination of eligibility. The Board of Directors determination of eligibility is considered final.

Candidates will be notified within 30 days of receipt of all application materials as to their eligibility to take the examination. If the candidate becomes unable to take the scheduled examination, notification must be sent to the Board Office.

All candidates taking an examination of the American Board of Spine Surgery must complete the entire required written and oral examination to receive certification. Certification by any other specialty Board does not exempt candidates from any part of the examination process.

APPEALS

The Board has established a policy relative to resolution of questions or disagreements regarding its decision on admissibility to examination, the form, content, administration, or results of any portion of the Examination, and the revocation of certificates. A copy of the Appeals Policy is available from the Board Office, upon written request by a candidate in any stage of the application process.

REQUESTS FOR SPECIAL CONSIDERATION

Any requests for waiver of any rule or requirement must be submitted in writing. Requests for waiver or extension of deadlines must be received at least 30 days prior to such deadline. All such requests will be considered by the Board, whose decision shall be final.

EXAMINATION ADMINISTRATION

PSI has several hundred testing sites in the United States and worldwide. Scheduling is done on a first-come, first-serve basis. To find a testing center near you, visit: <http://www.ptcny.com/cbt/sites> or call PSI at (833) 207-1288. Please note: Hours and days of availability vary at different centers. **You will not be able to schedule your examination appointment until you have received a Scheduling Authorization from PTC.**

TESTING SOFTWARE TUTORIAL

A Testing Software Tutorial can be viewed online. Go to <http://www.ptcny.com/cbt/demo>. This online Tutorial can give you an idea about the features of the testing software.

SCHEDULING YOUR EXAMINATION APPOINTMENT

Once your application has been received and processed and your eligibility verified, you will be sent an email from ABSS confirming receipt. Within six weeks prior to the first day of the testing period, you will be sent a Scheduling Authorization. If you do not receive a Scheduling Authorization or other correspondence at least three weeks before the beginning of the testing period, contact Professional Testing Corporation by telephone at (212) 356-0660.

The Scheduling Authorization will indicate where to call to schedule your examination appointment as well as the dates during which testing is available. Appointment times are first-come, first-serve, so schedule your appointment as soon as you receive your Scheduling Authorization in order to maximize your chance of testing at your preferred location and on your preferred date.

Your current government issued photo identification, such as a driver's license, passport, or U.S. military ID must be presented in order to gain admission to the testing center. Temporary paper driver's licenses are not accepted. The name on your Scheduling Authorization must match the name on your photo ID. PTC also recommends candidates bring a paper copy of their Scheduling Authorization and their PSI appointment confirmation with them to their examination.

- **It is your responsibility as the candidate to call PSI to schedule the examination appointment.**
- **It is highly recommended that you become familiar with the testing site.**
- **Arrival at the testing site at the appointed time is the responsibility of the candidate. Please plan for weather, traffic, parking, and any security requirements that are specific to the testing location. Late arrival may prevent you from testing.**

INTERNATIONAL TESTING

Candidates outside of the United States and Canada must complete and submit the Request for Special Testing Center Form found on the www.ptcny.com homepage. This form must be submitted with your application no later than 8 weeks prior to the start of the chosen testing period. Fees for testing at an international computer test center (outside of the United States and Canada) are \$100.00 in addition to the examination fee. PTC will arrange a computer based examination at an international test center for you.

Please note that all examinations are administered in English.

SPECIAL NEEDS

ABSS and PTC support the intent of and comply with the Americans with Disabilities Act (ADA). PTC will take steps reasonably necessary to make certification accessible to persons with disabilities covered under the ADA. Special testing arrangements may be made upon receipt of the Application, examination fee, and a completed and signed Request for Special Needs Accommodations Form, available from www.ptcny.com or by calling PTC at (212) 356-0660. This Form must be uploaded with the online application at least EIGHT weeks before the testing period begins. Please use this Form if you need to bring a service dog, medicine, food or beverages needed for a medical condition with you to the testing center.

Only those requests made and received on the official Request for Special Needs Accommodations Form (found at www.ptcny.com) will be reviewed. Letters from doctors and other healthcare professionals must be accompanied by the official Form and will not be accepted without the Form.

Information supplied on the Request for Special Accommodations Form will only be used to determine the need for special accommodations and will be kept confidential.

PART II: ORAL EXAMINATION

The PART II: ORAL EXAMINATION is the second of the two parts of the certification examination procedure for spine surgeons.

The purpose of the oral examination is to evaluate the candidate's clinical competence. This is done through a credentialing process and an examination.

Candidates must submit a list of all surgical cases for the six consecutive months starting one year prior to the examination. The Board will select 12 cases from the list. Of the 12 cases, the candidate will pick 10 cases to present at the examination. Candidates must bring to the examination all pertinent materials (x-rays, charts, video prints/photo prints, operative notes, etc.) on the 10 cases they have chosen.

The PART II: ORAL EXAMINATION is approximately three hours, divided into three 50-minute interviews with two examiners per interview. During two of these, the candidates present their cases and the examiners ask questions on these cases and others on their case lists. One of the interviews will focus on material presented by the examiners for discussion. Specific skills that are evaluated are data gathering, diagnosis, treatment, technical skill, outcomes, ethics, and general surgical knowledge.

The PART II: ORAL EXAMINATION is given via a virtual meeting. Please contact the ABSS office for application and scheduling information.
